\*certified for cleanroom use ISO class 5\* according to EN ISO 14644-1 \* = max. 100 particles of a max. diameter of 0,5 µm per cubic feet (3,5 particles per litres)

### For product, plant and stuff hygiene

This new released overshoe dispenser HYGOMAT is especially made for staff members and visitors of hospitals, companies, schools, hotels, food service industry, dairies, building industry, show rooms, model houses, laboratories, production plants, offices, protections areas and clean rooms. Easy to handle – the portable Hygomat overshoe dispenser can be set up everywhere and is suitable for every kind of shoe. No more need to bend down or try on. No more waiting periods.

#### Easy use:

The user puts his foot on the overshoe in the machine (see figure 1). He pulls out the foot backwards. Now the overshoe fits perfectly (see figure 4). **Only for use with original HYGOMAT overshoes.**
